Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Applicants have claimed an emulsion comprising a silicone oil, a bisquaternary organomodified silicone, a nonionic or amphoteric surfactant, an additional oil, an emulsifier, and water. The closest prior art of Aeby et al, US 6,696,052, teaches hair care compositions comprising 4% paraffin oil, 2% isopropyl myristate, 1.5% diquaternary ammonium silicone polymer, 1% silicone emulsion, and the balance water (col. 9, example B). Applicants have traversed this rejection on the grounds that each and every element, i.e, nonionic or amphoteric surfactant, is not taught by the reference. Upon further consideration, this argument is found to be persuasive, and so the present claims are allowable.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles I. Boyer whose telephone number is 571 272 1311. The examiner can normally be reached on M-F 9:30 to 6:00.
